Subject: Mead, NE air sampling event

Hi Mike

Just letting you know that Brad Pracheil (NDEE) and myself have successfully completed the two-day AltEn air sampling event at Mead, NE. There were no issues and the sampling was completed as per the approved QAPP. I will be shipping the samples to ORD for analysis by 1000 this morning and will submit a LSASD Field Activity Report by COB today (6/02/2022)

Please let me know if you have any questions.

Talk to you later

Leland
